

## DRILLING TO INVESTIGATE EXTREME ENVIRONMENTAL CHANGES

Liviu GIOSAN<sup>1</sup> and Roger FLOOD<sup>2</sup>*1-Woods Hole Oceanographic Institution, Woods Hole, MA 02543, USA, E-mail: [lgiosan@whoi.edu](mailto:lgiosan@whoi.edu)**2-Stony Brook University, Stony Brook, NY 11794-5000, USA,*

Two proposals are currently active in the Integrated Ocean Drilling Program system that focuses on the environmental record in the Aegean-Marmara-Black Sea Corridor. We are reporting on the development of an integrated, region-wide strategy for drilling in Aegean, Marmara, and Black Seas following a workshop funded by Joint Oceanographic Institutions and hosted by the Stony Brook University in New York on October 21 and 22, 2003.

## Integrated Ocean Drilling Program
