file *–weather-PP_METBA_015.met (directory ARCHIV_NETCDF/weather)

VARIABLE	OBSERVATION
airtemp	air temperature
watertemp	water temperature
moisture	relative moisture
airpressure	air pressure
heatflux	solar light heat flux density
dew point	dew point
relairspeed	relative air speed
relairheading	relative air heading
trueairspeed	true air speed
trueairheading	true air heading
time	acquisition time
